

HEALTHY LIVING OKC

Hello,

As the pandemic enters its seventh month, we are optimistic as we plan for the coming months and 2021. These are challenging times for all of us, and we hope you are in good spirits and health. Right now, we are doing everything possible to sustain daily operations and provide services to our community. While there is some uncertainty, we know our community needs us. And we need you.

You may not know that Healthy Living OKC is a non-profit organization. While it is true the City of Oklahoma City built and furnished the building with MAPS 3 funds, HLOKC is responsible for all operational costs, including staff salaries, utilities, maintenance, and program costs. As is the case with many other organizations, we have been negatively impacted by the COVID-19 pandemic.

I have visited with many of you over the last couple of years and heard how HLOKC has helped you in one way or another. I see the difference the center makes in lives every day. I have seen stroke victims improve by working with our personal trainers. I have seen people work through depression by participating in our art programs. I have seen people walk independently who once needed a walker. There are countless scenarios like these.

Our income has remained significantly lower since we had to close in March. We greatly appreciate all of you who have continued to pay your monthly fees to help us cover our monthly operating expense. Since reopening, our revenue

is approximately half of what it was prior to the COVID shutdown. Due to the reduced cash flow we are having to spend funds set aside for future repairs, maintenance, and equipment replacement.

We are committed to providing the same excellent programs and services; however, we need your help. If you are able, please consider donating to our general fund. If you would like to donate to a certain program, we are happy to accommodate that as well. Gifts are tax deductible. You can make your donation using the donate now button below or on our website www.healthylivingokc.com

In times like this, we are reminded of how interconnected we all are. Thank you for being part of our community. Without you, none of it is possible.
